

## Ask your attendees and trainers the following questions

Did you have one or more of these complaints in the last 24 hours

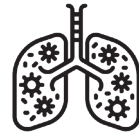

Coughing

Sniver

Fever from 38  
degrees

Stuffiness

Do you have a roommate  
with fever and/or stuffiness  
complaints at this moment?

Have you been infected with the  
new corona virus in the last 7 days  
and is this proven (in a lab)?

Do you have a roommate/family  
member infected with the new  
corona virus and did you have  
contact with him/her in the last  
14 days while having complaints?

Are you in quarantine because you  
had direct contact with someone  
who has been diagnosed with the  
new corona virus?

*If one of the above questions is answered with yes,  
please do not visit our locations.*
